in the Florida West Coast and Central Florida Markets

## Slade Ross, Inc. Representing Steril Aire “High Output” UVC Emitters

Extensive field testing has determined High Output UVC  
is much more effective at killing pathogens than standard UVC  
and Steril Aire has the highest in the industry.

And now innovative STERIL AIRE  
introduces FIT (Fast Install Tower)  
the perfect solution for air handlers.  
With our high intensity bulbs and a  
simplified installation product. Sterile  
air can make a big difference in  
advancing clean air conditions.

Please take a minute to watch this  
short video on installing the FIT plus  
a very good layman’s explanation to  
show to your customer on the benefits  
of UV. (Click the video to watch via  
YouTube.)

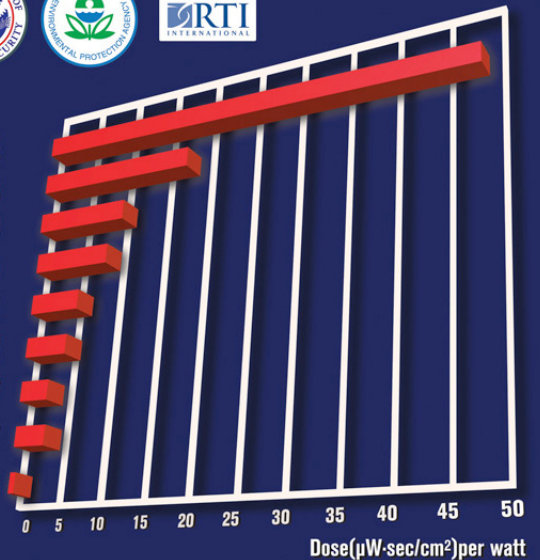

### U.S. HOMELAND SECURITY RESEARCH:

Homeland Security/EPA tests confirm that on average,  
Steril-Aire Emitters™ are, 6 times more effective than  
the tested competition lamps, on a Kill/Watt basis.
